Ed,
We now have 14,000,000 gal of wastewater.

Hi All,

I'm attaching the latest draft AOC with changes to Paragraphs 10 and 11. In order to lay a predicate for jurisdictional authority purposes, I included listed haz substances in Paragraph 10.

Also, I've been told by others that the prepayment amount of \$50,000 included in Paragraph 40 may not be sufficient. I'll let you know of a new figure once they calculate that.

In the meantime, we continue to work on the proposed SOW. Counsel for TCEQ called yesterday afternoon expressing concern over our negotiations and more specifically the issue of disposal of collected wastewater. I'm not sure TCEQ would approve the proposed language found in Item 5 of the proposed SOW.

Preliminary comment on para 10. Can you strike the for example list? I don't believe all of these have been found in the ship channel and the second sentence ties to the first. So, the discharge included hazardous substance. Period.

Thanks, Molly. I'm attaching another draft (EPA's 3rd internal) draft incorporating comments from Region 6 staff. The minor edits include correcting some of the Chapter numbering and Chapter references, and correcting "Respondents" to "Respondent." The substantive edit can be found in Paragraph 10, third sentence (Findings of Fact). Again, R6 management has yet to review and approve.

We're still working on comments to the proposed SOW and will get back to you on that.

Ed,

Here is a draft Statement of Work, and like your draft AOC, not reviewed by client, but gets us started.
What time works for a call?

Best, Molly
